

New for Pinehold Gardens 2019 CSA program

Photo credit: Ruth Guenther

Because we're always trying to offer you the best CSA farm experience at the least cost, we've have added two new options to our CSA program. We are offering these to only a limited number of families as a test for 2019.

- **Every Other Week (EOW) share**

This share offers Pinehold produce in a traditional packed box, but packed every other week rather than every week. The boxes will be delivered to all the dropsites and members participating in the EOW program will receive the same produce that others receive that week.

- **Market share**

This share program offers \$300 of credit toward the purchase of produce at our Saturday on-farm market stand, opening in June. You can use the credit to buy as much of any produce you want. We will keep track of your purchases and let you know when you are nearly out of credit. The credit cannot be used at the Drexel Town Square Farmers Market, nor for the purchase of eggs, honey, flour and maple syrup

- **Flour share**

Five 4 lb. bags of flour will be delivered once a month for the five month season to your dropsite. The bags will have your name on them.

- **Worker share**

We also offer worker share options on Tuesday and Thursday mornings from 9 a.m. to 1p.m. See the website for details.
